Offer Details

- The promotion including 2 types of demo packages:
Package 1: H Series DMR Conventional Professional Digital Radio includes 2x HP60X, 2x HP68X, 2x HP70X, 2x HP78X, 2x HM78X and 1x HR106X;
Package 2 (Available in April): H Series DMR Professional Intrinsically Safe Digital Radio includes 2x HP70X UL913, and 2x HP78X UL913.
- The minimum order quantity of each model and frequency is two.
- The promotion starts on 15 March and ends on 30 June.

How It Works

- Authorized partners need to place order through partner portal with the promo code **#HPCXB22** for applying the special discount.
- Authorized dealers need to send email to marketing@hytera.com to activate the promo code first, then order from Hytera proposed distributors.
- For non-authorized partners, please contact your account manager or contact Hytera for more details.

Terms & Conditions

- The Hytera H Series Demo Package Promo is open to all Hytera partners with a valid business contract for 2022.
- Each authorized distributor is limited to order 5 packages per type and per frequency.
- Each authorized dealer is limited to order 2 packages per type and per frequency.
- Emailed or Online Purchase Orders must make clear reference to the relevant offer codes (HPCXB22). Portal Online orders must show the code in the 'special instructions box' provided.
- Demo package purchased by Authorized distributor for the authorized dealer/potential customer will not occupy their own sample quota.
- Authorized distributor/partner may not sell to authorized dealer/potential customer higher 5% than landing cost.
- This offer is used for training, demonstration, testing and other non-sale activities, which "sample" will be marked on the body of the radio.
